GALT TRAFFIC

APRIL 1 2004

FIRST ONE ZERO CHARLIE BASED 747 ARRIVES

Cap'n Michael and F/O Joeleen taxi up to the pumps behind 68E

Minutes of Mar. EAA 932 Meeting

Flyers and Tires

It was decided at the board meeting that Flyers and Tires would be a Galt Airport sponsored event and that the Chapter would limit its involvement to the food concession and voluntary efforts in contacting potential concessionaires and in assisting Michael and Jolene Stanard in whatever areas they would request such as traffic management and parking, set-up, operations assistance, etc. This is due to the difficulty in obtaining E.A.A. insurance coverage for the event and to limit the Chapter's liability. Greg Domski and John Roach will meet with Michael to co-ordinate our efforts on Flyers and Tires.

Scott Feeman is investigating the acquisition of grills for the Chapter for the Flyers and Tires event.

Federal Non-Profit Status

Dave Spitzbart led the effort to complete the federal non-profit status form for the Chapter.

Oshkosh Work Weekend - June 25, 26, 27

A sign-up sheet was started for the Oshkosh work weekend on June 25, 26, and 27.

(Details in the May issue, or contact John Roach at: planejohn@aol.com -- ED)

A.O.P.A. Safety Seminars

The topic of A.O.P.A. safety seminars in the northern Illinois area was raised and reference made to the A.O.P.A. website for details. That site is http://www.aopa.org/asf/schedules/seminar.cfm

The current schedule shows:

Free Safety Seminar Schedule

Following are the confirmed ASF safety seminar offerings meeting the selected criteria.

DATE	LOCATION	FACILITY	
April 28, 2004 Time: 1900 - 2100	SPRINGFIELD, IL	1ST CLASS AIR	Maneuvering Flight - …
July 28, 2004 Time: 1300 - 1415	OSHKOSH, WI	EAA AIRVENTURE	Single Pilot IFR

July 31, 2004 Time: 1130 - 1245	OSHKOSH, WI	EAA AIRVENTURE	Maneuvering Flight - …

Marengo B-17

A motion was made and passed that the Chapter donate $100 to the B-17 restoration project. The Chapter members then left on our yearly review of progress on the plane. (See article, next page -- Ed)

50/50 Raffle

Scott Feeman won $36.00 in the 50/50 raffle. (The monthly 50/50 raffle supports our web site – Ed.)

CHALLENGER LEARNING CENTER OPEN HOUSE

Some two-dozen EAA 932 members really enjoyed the open house held for our Chapter Mar. 10 at the Challenger Learning Center in Woodstock. The picture at left (no April Fools joke) shows Michael and Joeleen Stanard flying the B-737 simulator – the high point of the visit.

Let's make this an annual affair!

MIKE HUNTER TO TRY FOR WORLD RECORD
From AOPA's e-pilot

Cirrus Design will sponsor a world-record attempt for the fastest time to land in each of the 48 contiguous states. It is to begin April 13 during the Sun 'n Fun EAA Fly-In at Lakeland, Florida.

(10C based) Michael Hunter, an airshow pilot and founder of Flight for Diabetes who discovered he had the disease during his student pilot days, will make the attempt. The old record was set in 1999 by Joseph M. Dougherty in a Cessna 182E at five days. Hunter hopes to do it in three. He will test his blood glucose levels throughout the flight. Hunter is also sponsored by Accu-Check, maker of diabetes care products. For more information on flying with diabetes, see AOPA's online medical subject reports http://www.aopa.org/members/files/medical/hotsheet.html

B-17 PROJECT VISIT

About a dozen members showed up for our annual trek to Marengo to check progress on Mike Kellner's B-17 project. Progress was evident, but there is still one long row to hoe! On the way home we enjoyed a great lunch at "Checkers".

AIR ACADEMY SCHOLARSHIPS

Winners will be selected April 4. See the May issue for all the details.

MAY MEETING –

-- will be held Saturday April 10th at 10 AM at Galt, to be followed by a Young Eagle Rally from 11 to 4 PM. Please come out, whether you fly or "crew", you are needed!

FROM THE DUPAGE FSDO

By Scott Landorf, Safety Prog. Mgr.

IMPORTANT ANNOUNCEMENT

The FAA has implemented its new Safety Program Airman Notification System (SPANS) **www.faasafety.gov** an internet web based resource that will send important safety related information to aviation enthusiasts who have registered their email address with either the Airman Registry web site at Oklahoma City, OK, or on the SPANS server.

Certificated airmen need only register their email address with FAA, Airman Records at: **http://registry.faa.gov/amsvcs.asp** because their certificate type & rating data will have automatically rolled over into SPANS when it was activated. Aviation enthusiasts not holding an FAA Airman Certificate, must register their email address with SPANS at **www.faasafety.gov** only in order to receive our emailed safety program notifications. The new system is available to anyone on the internet whether they are a certificate holder or not. Everyone may participate if they desire.

The Safety Program Airman Notification System (SPANS) is not limited to, but will include, Safety Program Meeting Announcements, Local Newsletters, and Urgent or Emergency Announcements - Local and/or Nationally Oriented. After completing the steps described above, you will receive information from SPANS according to how you defined your personal preferences. It's important that you understand that the email notification messages you receive pertain to activities within the FSDO district jurisdiction in which you reside. If you relocate to a different district, please go back into SPANS and reset your personal preferences to show your new location so you'll continue to receive valuable safety program information, no matter where you live.

EAA 932 CALENDAR

THREE RETIRED PILOTS by JHsr.

Oscar: "Between the three of us, we flew over a hundred years without a single mishap – how did we do it?"
Papa: "Personally, I never set my watch to the local time until we were safely on the ground – I think that's what did it for me."
